September 20, 2011

The Honorable Kevin Lembo
State Comptroller
55 Elm Street
Hartford, Connecticut 06106

Dear Comptroller Lembo:

The following information on the State's General Fund for fiscal year 2012 is provided in accordance with Section 4-66 of the General Statutes. In addition, an analysis of the Special Transportation Fund is included due to the significant nature of this fund. It should be noted that these projections reflect the state's current modified cash basis of accounting but include an adjustment as noted below in compliance with legislation initiating the state's transition to Generally Accepted Accounting Principles (GAAP).

General Fund

We are projecting that General Fund expenditures will exceed appropriations by \$2.0 million. If not addressed, this overexpenditure could result in exceeding the cap and impact the State's ability to remain in balance on a GAAP basis. Significantly, the adopted budget is within \$1.0 million of the expenditure cap, so spending will ultimately need to be brought in line with appropriations in order to remain within the limits of the cap. Further, the estimated deficiency will reduce the projected balance in the fund to \$78.9 million, of which \$75.0 million must be reserved by the Comptroller to be applied to the GAAP deficit per Sec. 46 of Public Act 11-48, with the remainder dedicated to redeeming Economic Recovery Notes issued to finance the FY 2009 deficit in accordance with Sec. 511 of Public Act 09-3, June Special Session.

Revenues

Our revenue projections remain unchanged this month relative to the adopted budget. Due to the Presidential Disaster Declaration for Connecticut and filing and tax payment extensions announced by the Internal Revenue Service, the Connecticut Department of Revenue Services announced additional state extensions that mirror certain federal extensions. This will delay the receipt of revenue data for the month of September until the end of October. Furthermore, it should be noted that the economic uncertainty that has been reflected in the recent performance of the equity markets as well as other factors may lead us to change our estimates as the year progresses.

Expenditures

Overall, expenditures are estimated at \$2.0 million above appropriated levels. A \$15.0 million shortfall is forecast in the Department of Social Services' Medicaid account due to continued growth in the Low Income Adult population. The Public Defenders Services Commission will experience a \$2.0 million deficiency in the Contracted Attorneys account in order to resolve payments for cases handled by contracted child protection attorneys. These deficiencies are mostly offset by an anticipated \$15.0 million lapse in the Treasurer's Debt Service account as a result of lower than anticipated interest costs and higher bond premiums for the May 2011 bond sale.

Special Transportation Fund

In the Special Transportation Fund, estimated revenues and expenditures remain unchanged relative to the adopted budget. We anticipate the fund balance on June 30, 2012 to be \$108.0 million.

It is important to note that while these projections are the best that can be made at this time, estimates may have to be adjusted to reflect changes in the economy, expenditure patterns and/or other factors as the year progresses.

Given that the adopted budget has little room available under the expenditure cap and the need to remain balanced on a GAAP basis, we anticipate close attention to managing expenditures throughout the year.

Sincerely,

A handwritten signature in blue ink, appearing to read "Benjamin Barnes", is centered below the word "Sincerely,".

Benjamin Barnes
Secretary
